

WORLD MARKET LEADER IN MEASURING SYSTEMS

IMS Service Concepts

IMS Systems, Inc.

THE GLOBAL LEADER IN NON-CONTACT MEASURING SYSTEMS

IMS Services

IMS is a leading manufacturer of x-ray, isotope and optical measuring systems that gauge the length, width, thickness, flatness, coating weight, cross-profile and speed of hot and cold ferrous and non-ferrous strip and plate.

We understand your desire to have service available with minimum lead time.

Consequently all of our gauges are serviced from our North American headquarters in Mars, PA, near Pittsburgh, and our Southern location in Mobile, AL through our highly qualified team of experts to secure your maximum system availability.

We offer

- > Scheduled preventive maintenance
- > Emergency support
- > Annual and long term service contracts and different spare parts concepts available
- > 24/7/365 availability with telephone and VPN support to help you maintain desired productivity levels, allow for online viewing of equipment to accelerate response time
- > Evaluation and software and hardware modernization of your existing systems

Please contact us at 724-772-9772 to discuss how we can help you!
